Welcome to ISSRE 2021

Uploading Videos

Dear ISSRE 2021 Author,

Here are some simple instructions to help you create and upload your presentation videos to the ISSRE2021 online platform. If you haven't entered the MS Teams platform yet, please read the "Accessing the Conference Online Platform" document to guide you in the process.

1. Create the videos

You will have to create 2 videos:

- **Presentation** video, with 10-15 minutes. This video will be shared in the ISSRE2021 platform and available to ISSRE2021 participants and staff only.
- **Pitch** video, with 2-3 minutes. This video will not be made available to ISSRE2021 participants. It will only be used as a contingency plan to play during the live sessions.

While MS Stream supports many file formats, we suggest the use of **.mp4 (The format is: (paper name).mp4 or (Pitch-paper name). mp4)**.

You are free to use any video editing tool you like (choice of the cover image, type of background, usage of pictures, etc.)

Please pay special attention to sound quality.

2. Go the Upload Channel

Open your MS Teams app (or website) and, in your ISSRE2021 Pre-Conference site:

- 1. Click on the UPLOAD YOUR VIDEOS HERE channel, and
- 2. Click on the Files tab

Then you should see the files folder.

3. Choose Your Session

1. All sessions need to upload videos are constructed in channel "UPLOAD YOUR VIDEOS HERE".

2. You must carefully check that the uploaded folder is the target session folder.

Notice that the maximum size for each video is 1 GB, and only Video file types are allowed.

You must also give us consent to store the videos and make them available to the ISSRE2021 participants for visioning.

4. Done!

You should see your videos here:

Your files are stored in the server and are not yet available to the ISSRE2021 participants.

Notice that you should upload your videos until the 8th of October.

When the Pre-Conference period starts, the **Presentation Videos** will become viewable to the ISSRE2021 participants

5. Update the videos

You are free to update the videos until the 8th of October (you must upload both videos). We will consider only the latest versions.

If you have any questions or problems, please use the **Helpdesk** channel in the MS Teams platform. If you are not able to use it, you could send an email to **issre2021.sec@gmail.com**

Welcome to ISSRE 2021

How to Watch the Videos

Dear ISSRE 2021 Author,

After you complete the step (i.e. uploading videos) above, the last step also requires your cooperation to complete. If you have not registered for **Microsoft Stream** before, you can also not watch the video at any time in **Microsoft Teams**, after all the videos are published. But don't worry, a detailed description process will easily solve this problem. The process is as follows:

1. Show all Apps in the left menu bar

You will see all hidden apps, as follow:

2. Find and Click the Stream App

You should click the Stream:

If you did not have Stream account before, the following interface will be displayed:

< >	Q, Search	
Q. Activity	Stream My Watchlist About	Ø C 🖨
(=) Chat	My watchlist	
CO Teams		iko Microsoft Stream
Assignments	Unable to display videos because your session has expired	
S Calls

Later, You will complete the register of Microsoft Stream using your Microsoft Teams account.

4. Done!

When you have completed step 3, the registration has been successful. At this point, you can go back to Microsoft teams, and you can watch the presentation videos you are interested in at any time in all channels.
